Langlo - Adavale Road

DISTANCE: 200km

DURATION: 1 day

HIGHLIGHTS: Beautiful country views and wildlife.

ROAD SUITABILITY: 4x4 needed. Road can become impassable in wet conditions.

TRACK NOTES: Rather than taking the Matilda Highway, this track is a great alternative to see more of Queensland's Outback as you travel between Tambo and Blackall.

The drive presents great views of beautiful outback landscapes. You will see native wildlife and livestock as you pass through a number of stations. Take care as the track is not fenced and the livestock roam freely.
